**7 Correspondence from Didcot Town Council regarding new housing**

Further to the recent housing distribution questionnaire Didcot Town Council had written to the county council with their option of placing all the new housing on land to the south-east of Oxford.

The parish council's suggestion of a spread option had already been sent to the county council. However councillors felt that if Oxford City Council wanted the new housing on land to the south-east of the city then the county council should consider apportioning some of the housing in that area. The clerk was to convey these comments to the county council.
